WHAT THIS IS

The Field Director Sponsorship is a single purchase that funds one sales agent to work the field for Hannibal Mansa Phalanx with everything they need on day one. A sponsor — a customer, a church, a business owner, a family member — pays for the placement. Hannibal Mansa Phalanx onboards the agent, sets up their tools, and puts them in front of families who need free financial help.

It does three jobs at once: it gives a motivated person a real start in sales; it puts free credit education and business resources into neighborhoods that rarely get them; and it grows the company that keeps those resources free.

Price: \$997, one time. Reward points: 10,000, credited to the sponsor. For scale, a single ebook is \$19.99 and 100 points, and the complete 12-volume Phalanx Rising course is \$159.99 and 2,500 points.

WHERE THE \$997 GOES

Share	Amount	What it pays for
Agent launch	\$397	Printed catalogs, flyers and free-resource sheets; ID badge and field kit; local business registration and EIN setup help; first weeks of transportation and phone costs.
Platform and training	\$300	Twelve months of Mecca OS operator access for the agent, onboarding and compliance training, and ongoing support from Hannibal Mansa Phalanx.
Community giving	\$300	Free printed copies of the financial library and the Phalanx Rising course for returning citizens, families and partner organizations in the agent's territory.

This is the program plan Hannibal Mansa Phalanx commits to for each sponsorship. Sponsors can ask for an update on the agent their sponsorship placed by calling 267-633-5716.

WHAT THE FIELD DIRECTOR RECEIVES

- The full financial library. All 15 Hannibal Mansa Phalanx titles — credit, business, funding, re-entry, wellness, AI and the founder's story — as instant-download PDFs, listed at the end of this kit. Scan-to-download codes for each are on the Seller Download Sheet given at onboarding.
- The complete Phalanx Rising course. All 12 volumes, 36 months, about 200,000 words, written for returning citizens in plain, dignified language.
- Mecca OS operator access for 12 months. The platform the agent uses to help clients: free credit education and dispute-letter tools, business setup checklists, a lead page that records consent, and follow-up tracking.
- The Field Director title and territory kit. A sponsored Field Director starts with the full toolkit on day one instead of earning it piece by piece.
- The Field Director Playbook. The daily routine, the door conversation, the price list, the compliance rules and a 90-day plan — all in this kit.

FREE FOR THE PEOPLE THEY SERVE

A Field Director never sells credit repair at the door. Credit help is included free with every Mecca OS membership, and every person can also dispute errors with the credit bureaus themselves, for free. The free re-entry guides and the free-resources sheet are handed out to anyone who needs them, whether or not they buy anything.

THE FIELD DIRECTOR PLAYBOOK

1. THE ROLE

The Field Director is an independent sales agent working under the Mission 20K program. Pay follows the Mission 20K compensation plan in effect when the agent signs their agreement. A sponsorship pays for tools, training and materials; it does not change commission rates and does not guarantee income, bonuses or promotion. Agents sign a written independent-contractor agreement before starting.

2. THE DAILY RHYTHM

- Morning (30 min): review yesterday's follow-ups in Mecca OS; restock catalogs and free-resource sheets.
- Field block 1 (3 hours): door-to-door in the assigned area. Lead with the free resources.
- Midday (30 min): log every conversation with consent status; send promised links.
- Field block 2 (2–3 hours): businesses, community centers, barbershops, churches and partner organizations.
- Evening (20 min): follow up by text only with people who asked you to; plan tomorrow.

3. THE DOOR CONVERSATION

"Hi, I'm [name] with Hannibal Mansa Phalanx. We're in the neighborhood giving out free financial guides — credit, starting a business, and resources for families with someone coming home. Can I leave you one? ... If you'd ever like help going through your credit reports, that's free with our Mecca OS membership, and you can always dispute errors yourself for free too. The catalog has everything else we offer, with a QR code for each one."

Then stop talking and listen. Answer questions honestly. If they are not interested, thank them and leave the free sheet.

5. THE RULES THAT PROTECT EVERYONE

- **Credit (CROA).** Never promise a score increase or a deletion. Never collect a fee before work is done. Always tell people they can dispute errors themselves for free.
- **Funding.** Always say: "Funders decide. No approval or amount is guaranteed."
- **Privacy.** Never ask for or write down a Social Security number, date of birth, bank or card numbers, medical information or insurance IDs at the door. Collect only a name and how the person wants to be contacted, and only with their permission.
- **Dignity.** Say "returning citizen," never labels. Never promise a job, a release date or any specific outcome.
- **Support.** If someone is in crisis, give them 988 (call or text). For food, housing or utilities, give them 211.
- **Honesty.** Never claim results you cannot prove. Never invent testimonials or numbers. If you do not know, say "let me find out."

6. YOUR FIRST 90 DAYS

Days	Focus	Activity targets (effort, not income)
1–7	Onboarding	Sign agreement; complete compliance training; set up Mecca OS; read Fix Your Credit Yourself and The Way Home; shadow one field day.
8–30	Territory	Five field days a week; hand out free sheets; log every conversation with consent; build a list of 10 partner locations.
31–60	Relationships	Return to every warm lead; host one free credit-education session at a partner location; keep weekly check-ins with HMP.
61–90	Leadership	Review numbers with HMP; teach one new agent the door conversation; plan next quarter's territory and partners.
